VOL. IX, NO. 48.

## CURRENT TOPICS.

**TEXAS** is to have a colony of Hollanders. **HARRY** county, Mo., has a town called **Parma**. **INDIAN** and **NEGROES** rarely resort to self-destruction. **WHITE** sulphur water has been struck near **Pinville**, Mo.

**WATERMELONS** are but sixteen cents a hundred in **New Orleans**. A **YOUNG** colored woman has been admitted to the bar in **Chicago**. **MANY** steamboats made in **Pittsburgh** are plying on **South American** rivers. **CALIFORNIA** reports her almost crop of this year as the largest ever grown.

**SIX-TENTHS** of the population in **Japan** do not earn more than \$10 a month. **IMPORTED** in **Argentina** has killed 200,000 cattle, 150,000 sheep and 30,000 horses.

A **LIGHT** suspension bridge was built at **Niagara Falls** in 1848 and removed in 1854.

**BARNES** BURETT-COUTTS owns the finest copy of the first folio of **Shakespeare**, 1623.

**THREE**, though nearly half as large as the **United States**, has only 4,000,000 inhabitants.

**IS** A. D. 1894 Trajan built a magnificent stone bridge across the Danube, 4,770 feet long.

**MUSKOGEE**, Mich., is one of the world's chief centers for the manufacture of toys.

The most extensive mines are those of **Saxony**. The galleries have 173 miles of length.

A gas well at **Montpelier**, Ind., has changed its tune, and oil flows freely from its mouth.

**EVERY** civilized nation of the world, even **China** and **Japan**, now has a weather bureau.

**ROBERT** HICHMAN, the author and playwright, became bankrupt by betting on the races.

**WIKI** Paris was practically rebuilt by **Napoleon III**, he chose **Washington City** as his model.

As long ago as 1840 the endowed charities of **Ireland** amounted to \$1,500,000 annually.

A second-hand horse, with the top cut off, does duty as a wagon on the **Milo** (Me) poor farm.

One after another of the theological seminaries of the country are opening their doors to women.

**THERE** is no record that the seventh day was religiously observed in the days of the patriarchs.

A shortage of billions of feet of pine lumber is predicted from the great northwestern territory.

The kangaroo readily leaps from 60 to 70 feet. The highest record of a leap of a horse is 37 feet.

**ARMCHAIR** is now used as a substitute for leather in building up the heels of boots and shoes.

**THERE** is a twin crystal of emerald in **St. Petersburg** 7 inches long, 4 broad and weighing 7 pounds.

The book of Job written 1550 B. C., describes very accurately several kinds of smelting metals.

The body of a petrified elephant was recently found three feet below the surface at **Castle Rock**, Kas.

The customs authorities at **Boston** have decided that the works of **Zola** are immoral but not obscene.

In Italy five centuries ago every person that wore shoes was obliged to pay the state a tax for the privilege.

The principle of trial by jury was inaugurated in 468. Every accused person to be tried only by his equals.

**SOUTHERN** cotton planters claim that the oil mills have made a combine against their cotton seed products.

**MOSES** HALL, a colored resident of **Wilmington**, near **Baltimore**, has a great head, it requiring a 7½ hat to fill it.

A **WOOD-STONE** is now made of sawdust, cement and magnesia, which can be sawed, planed or bored like natural wood.

**WAR-TIME** journalism is recalled in the forced publication of a late issue of the **Whiting** (Ind.) News on wall paper.

The sacred tree, uprooted by a cyclone that swept over **Ceylon** in October, 1887, was believed to be 2,175 years old.

**THERE** is now a continuous line of street railway between **Lovell** and **Haverhill**, Mass., a distance of forty-two miles.

## PRESIDENT CLEVELAND

**Boldly Defines His Position on the Pending Tariff Bill.**

**He Says That Wool on the Free List and Iron and Coal Protected is Outrageous and Unjust Discrimination—A Decisive Political Statement.**

**WASHINGTON**, July 19.—Intense interest was created by Mr. Wilson's announcement in the house today that he had a letter from President Cleveland, which the latter had permitted to be made public. The letter was then sent to the desk and read aloud profound silence. The letter was in the president's vigorous style and was a stirring tribute to the Wilson bill and a direct blow at any surrender to the senate bill. President Cleveland's letter is as follows:

**EXECUTIVE MANDATE.**

**WASHINGTON**, July 2, 1894.

**Hon. William L. Wilson.**

My Dear Sir: The certainty that a conference will be ordered between the two houses of congress for the purpose of adjusting differences on the subject of tariff legislation makes it also certain that you will be again called on to do hard service in the cause of tariff reform. My public life has been so closely related to the subject, I have no doubt of its accomplishment, and I have no other ambition than to see it accomplished. I have no other ambition than to see it accomplished. I have no other ambition than to see it accomplished.

To recede in the details of the conference with the tariff bill is to do the work of principle will be the sole task of the conference, but as it seems to me that the members will also be called on to do the work of principle, I have no other ambition than to see it accomplished.

Every true democrat and every sincere tariff reformer knows that this bill, in its present form, and as it will be submitted to the conference, falls far short of the consummation for which we have long labored, for which we have suffered defeat without discouragement, which we have achieved only by the sacrifice of our principles.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

The tariff is not a mere question of revenue. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle. It is a question of principle.

## RAILWAY WRECK.

**Head-End Collision in Which Three Men Killed—Eleven Persons Injured, One or Two of Whom Will Die.**

**CINCINNATI**, July 24.—A head-end collision occurred on the Big Four road Monday morning at a little station called Griffiths, a short distance this side of North Bend. Between the regular Chicago express No. 15 coming in and an engine, Extra No. 470 going out to the gravel banks in charge of Engineer Sam Hart, of 238 Fletcher street, Indianapolis.

Fireman Frank Taylor of No. 470 was instantly killed. Engineer Hart, left leg was broken, his head badly crushed, and he was crushed and injured internally. He was removed to the Betts street hospital, suffering terribly, and will probably die. Two tramps who were stealing a ride on the express were killed. One was Charles Sherman, the other is unknown.

A number of passengers on the express, among them several well known citizens of Cincinnati, suffered outward bruises, but none of them of a fatal or serious nature.

George E. Griffiths, clerk of the board of education, sustained cuts about the head.

Mr. Warren J. Lynch, chief clerk of Passenger Traffic Manager McCormick, of the Big Four, and his wife, were aboard, and both were bruised and cut about the head.

Mr. Ed Hopper, secretary of the Latonia Jockey club, suffered a severe cut in the back of his head and his back was badly wrenched.

Mr. Gratz Hanley, secretary of the Lexington Jockey club, was thrown against a seat and suffered a wrist sprain. There were a number of others who were cut and bruised, but none of the hurts were serious.

Porter Jones, one of the Wagners, was cut about the head.

Engineer Frank Diver, of the express, and his fireman both jumped and escaped.

The cause of the accident was the forgetting of the express by Engineer Hart. A freight brakeman named Miller was going down on the engine, No. 470. At Fern Bank both he and Engineer Hart got off the engine and instructions were handed them that No. 10, the St. Louis Express, was running late, and while going back to the engine Miller said to Engineer Hart:

"Look out for No. 15, Sam," meaning the big Chicago express, which was on time. Notwithstanding this, Hart, evidently having the St. Louis express on his mind, forgot the Chicago train, which was met coming down the heavy grade at Griffiths at about twenty miles an hour. The freight engine was running at about twenty-five miles an hour.

The engines were almost into each other when first seen. Both engines put on the brakes. But it was too late. The engines crashed into each other and remained locked together. The freight engine was partly telescoped by the tender.

Engineer Hart remained at his post. Fireman Taylor, who was killed, was stepping down from his engine, and did not hear Brakeman Miller's warning in time, and was caught between the engine and tender. Miller jumped and escaped with some bruises. Engineer Diver, of the express, put on the brakes so hard that everybody in his train was thrown forward, and the collision occurring only an instant later, there was the effect of two shocks.

In these circumstances it may well be said that the cause of the accident was the forgetting of the express by Engineer Hart. A freight brakeman named Miller was going down on the engine, No. 470. At Fern Bank both he and Engineer Hart got off the engine and instructions were handed them that No. 10, the St. Louis Express, was running late, and while going back to the engine Miller said to Engineer Hart:

## CO-OPERATION.

**To Affiliate and Demand Re-adjustment of Wages May 1, 1895.**

**The American Railway Union and the American Labor Union—The Latter Consist of Every Class of Labor Outside of the Railways—Debs' Idea.**

**CHICAGO**, July 23.—The Herald prints a long article giving in detail the plans of the American Railway union to absorb the older railway brotherhoods, and the recently organized American Labor union, to take every class of labor except railway employees, the two organizations to affiliate and be prepared by May 1, 1895, to demand a readjustment of wages to the basis existing prior to the panic and hard times, and in the event of refusal to order a general walkout.

The articles continue: "Some broad statements in this connection were made by officials of the American Railway union headquarters, as follows: That on or about January 15, 1895, there would be held in Chicago a convention composed of representative men of the American Railway union, the United Mine Workers of America, the Knights of Labor and American Labor union; the American Federation of Labor and the old railway brotherhoods would not be represented in this convention; that at this convention all branches of labor represented would be called on to present a succinct report as to the basis of existing wage scales, and how much they have been cut in 1892, 1893 and 1894; that these wage scales should then be formulated, and presented to the corporations and railroads, with the demand that they be readjusted to the basis existing prior to the panic and hard times, and that if this demand was not granted a general walkout should follow May 1, 1895."

"As one officer of the A. R. U. put it: 'The present strike will never be declared off by Mr. Debs, and we expect, if the Chicago switchmen remain firm, that the Chicago roads will eventually compromise on a basis satisfactory to all. The present strike not being declared off, a convention of the character described will be entirely in place, and will bring together at that time the strongest labor organization in the world. There will be a full analysis of wage scales before any demand is made on capital for a change, and the east will be strongly represented in the new labor organizations then as there are in none existing now.'"

"The movement of May 1, 1895, then, will be only a reinforcement of the strike begun on June 26, 1894."

"In this plan much is expected of the new American labor union, whose membership is now claimed to be 1,000, and has opened its ranks to every class of labor except railroad employees."

"Those behind the plan for the January convention expect the acquittal of Debs by the courts, and that following this, he will make a tour of the east, delivering speeches and organizing branches of his order, while campers from the American Labor union will follow him to make inroads into the ranks of the Gompers followers."

"They argue that the time was never better for the establishment of a labor union to control all the labor factions outside of railroad employees."

"The A. R. U. officials point to the ruin of the Mutual Aid association of the switchmen, and the fact that the American Railway union has already absorbed half of its membership, and will have the rest as soon as it provides an insurance against death and a benefit for accidents."

"As to the Brotherhood of Locomotive Engineers, the union officials regard that as practically officially dead. They cite the dissolution of lodges of this order at Champaign, Danville, Terre Haute and in all parts of the country but the fact, as evidence that the engineers either wish to be independent of or are ripe for a new organization. Given, therefore, the switchmen and engineers, with what they have already, the A. R. U. officials count on a convention in January, two thousand delegates, representing every branch of labor from a newsboy to a railroad engineer, and with Mr. Debs presiding."

"The statement was made broadly at A. R. U. headquarters that President Sovereign would not interpose single objection to any part of the plan of the Knights of Labor by the American Labor union, and that since the fiasco in his attempt to call them out on a strike when, except in scattered localities, there were few to call out, he has recognized the coming new power."

"On the other hand, General Secretary John W. Hayes is reported to be decidedly averse to sacrificing the identity of the knights, preferring to preserve the fiction of an organization to a complete surrender. Those who spoke of the coming convention are so close housed as to be entirely ignorant of the details of the plan. The unionists desire were but a reflection of the next move he intends to make."

**They Arbitrated.** **DULUTH**, Minn., July 23.—Mrs. Anna Shager of this city, a short time ago, brought a contest against Amy Carr, over some pine lands near Elephant lake, northwest of Duluth. The contest grew somewhat bitter and expensive. Carr fixed up an agreement with her. The contest has been declared off and they will be married next Tuesday.

**Seals Are on the Increase.** **SAY** FISH are July 23.—Col. E. T. Hall, assistant U. S. treasury agent, who for a year past has been stationed on St. George Island, Berthing sea, to look after the seals, is in the city. He says about 2,500 seals have been taken from St. George Island by the U. S. Fish Commission. The seal is a valuable animal, and the U. S. Fish Commission is doing its best to protect it. The seal is a valuable animal, and the U. S. Fish Commission is doing its best to protect it.

**Termination of an Enchanted Case.** **ELKHART**, Ind., July 23.—Henry Woodruff, a union soldier who deserted his wife and little son shortly after the war, has returned to this city to find that his son has grown to manhood and that his wife had married a man by the name of Beck, with whom she lived happily until a few years ago, when he died from the effects of an accident. Woodruff is now a successful rancher of Sherman, Tex., where a small fortune has been accumulated. He is visiting his brother and other relatives. The bride of his youth will again become Mrs. Woodruff.

**Train Conductor Murdered.** **IRVING**, Ga., July 24.—Conductor James F. Nelson, in charge of a train on the Brunswick Western road, leaving Brunswick Sunday night at 10 o'clock, was shot dead by Tom Johnson, a drunken Negro passenger. The shooting Johnson sprang to the platform, grasped the bell cord and stopped the train, jumping off and escaping.

**Cholera in France.** **PARIS**, July 24.—A death from cholera is reported from Avignon, in the department of Vaucluse.

## KENTUCKY STATE NEWS.

**SOME** weeks ago an effort was set on foot in Frankfort by the church people to have a big church revival this fall, and Rev. R. F. May, the great revivalist, was at once written to and received to conduct it. A reply was received from him saying that he will be there in September, and preparations will be at once begun to make it the most successful meeting held there in recent years.

This asphalt mines near Garfield are now turning out from 80 to 100 tons of asphalt daily.

**CAPT. ED. PORTER THOMPSON**, superintendent of public instruction, has issued a circular letter in which he states, among other things, that the per capita of the common school fund this year will be \$2.75 against \$2.55 last year.

The following fourth class postmasters were appointed a few days since in Kentucky: E. H. Rice, Alton, Anderson county; J. B. McFar, Glasgow, Glasgow county; J. T. Deaton, Bush Branch, Breathitt county; vice R. R. Baker, resigned, and E. O. Barkley, Caseyville, Union county; vice T. B. Clark, resigned.

In Graves county some field has recently cut the tongues out of several horses and burned a barn, presumably because he had a grievance against the men whose property was destroyed.

The state librarian, relieved for the first time in four years from the extra labors incident to legislative sessions, has recently been working a big force of porters in overhauling the state's books. Something more than fifty thousand volumes, covering the walls and floors, out of sixteen different rooms, have been handled, cleaned, placed and replaced in as near the proper places as the inadequate and unsuited building will permit.

Three violent shocks of earthquake started the people of Fulton. The vibrations were from north to south, and the shocks were sufficient to make buildings swing like pendulums.

The big spring near Leitchfield is proving very beneficial this dry weather. The numerous cisterns about town that were empty have been filled from this welcome fountain with the best of water.

The following post offices were established in Kentucky a few days ago: Baldwin, Madison county; Charles W. Sanders, postmaster, and Vanhook, Anderson county; Lloyd P. Simpson, postmaster.

During a heavy wind and rainstorm the other day the large tent used at the Wilmore camp meeting was blown down and a number of persons injured. Mrs. Susan Gorman, an aged lady, was killed by the center pole falling on her.

**MRS. MARY MEAGHER** shot and killed her father, John Aschbacher, sr., in Louisville, the other morning. The woman claims that he had abused and persecuted her until life was unbearable on her.

At a meeting at Chautauque, N. Y., the other day, of the trustees of the American Printing House for the Blind, Mr. Robert Cochran, of Louisville, was elected president; the Louisville Trust Co. treasurer, and Prof. R. B. Hunt, of the Kentucky Institute for the Education of the Blind, secretary. The Louisville policy was endorsed by a vote of 21 to 3.

**HON. CHARLES U. McELROY**, of Barren county, was the other day nominated for congress by the democrats of the Third Kentucky district. Mr. Harry C. Gorin withdrew before nominations were called for, and Mr. McElroy was chosen by acclamation.

**NIGHT POLICEMAN WM. BROWN** was decoyed into a negro boarding-house, Lebanon, the other night ostensibly to set a row that was in progress, and was set upon by three negroes and so badly beaten that his life is despaired of. Two of the negroes were arrested, but the leader, Charles Riggs, is at large. The city authorities have offered a reward for his arrest.

**PENITENTS** were issued the other day as follows: Original—Henry T. Adams, Hickory Grove, Graves county; James Miller, Covington; Frank Brown, Campbell. Additional—George H. Marshall, Falmouth, Pendleton county; James Oliver, Williamsburg, Whitley county. Renewal and increase—Burrell N. Wilburn, London, Laurel county. Increase—George W. Hilyard, Shelby county; Critchfield county; Johann Schirmer, Ghent, Carroll county. Release—Valentine Nicely, Mount Vernon, Rockcastle county. Original whites, etc.—Mary B. Lovejoy, Covington; Maranda C. Hinton, Settle, Anderson county; Lucinda Sidwell, Cumberland county; Marietta Everts, Covington.

The lively stable of Turney, Clark & Mitchell, Paris, was destroyed by fire the other morning. Loss about \$1,500. There are forty prisoners in the Richmond jail.

OVER half a million bushels of coal are mined each week in Hopkins county, and giving employment to 1,500 men and boys, and supporting over 5,000 people.

At Richmond Earnest Crandall was thrown by a wild horse the other night and had his head crushed under the animal's feet. He may not recover.

Two are thirty-one democratic candidates for local offices in Clark county.

**GOV. BROWN** has offered a reward of \$100 for the capture of the murderer of Herbert Tucker, dead or alive.

**MRS. OUTTEN**, who lives near Sassafras Ridge, in Fulton county, was attacked by a vicious hog a few days ago. She was knocked down, and before assistance could arrive had been fearfully lacerated on the breast, and limbs.

The Grand Lodge of the Colored Odd-fellows of the state of Kentucky, after giving a session in Hopkinsville, adjourned to meet next year at Frankfort.

A heavy rain passed over the vicinity of Sunny Side, the other evening. The drought is broken. Stock water had begun to get scarce and disters were dry in many places.

SEVERAL deaths have occurred at Frankfort in the last few days from diphtheria.

The sum of \$14,620 on the bond of ex-State Treasurer James W. Tate was paid into the treasury. There is still another bond of \$50,000 pending litigation.

The residence of William Love, near Danville, burned. He and his wife were away from home, and two little boys were locked up in the house. One boy was taken out just alive, but with small hopes of his recovery, and the other one was burned into an unrecognizable cinder.

## NEWS ITEMS.

The Standard Oil Co. will run a pipe line from Barnesville to Sistersville, W. Va.

David H. Silver, a well known river captain and vessel owner, died in St. Louis, aged 62.

Robbie Williams was killed at Nelsonville, O., while trying to steal a ride on a freight train.

The next warship, now building at the Cramps' shipyard, to go on a trial trip, will be the battleship Indiana.

Phillip Wagner suicided in Central park, New York, because his wife was going to have him arrested for abusing family.

" 5, Bud Daniels  
" 6, Hugn Dobbins  
" 7,

By more than a two-thirds majority  
the House passed a bill providing  
for the election of United States  
Senators by the direct vote of the  
people. The bill should become a law,  
but as it has to run the gauntlet of the  
Senate it will never come through alive.

Cleveland's letter to Wilson, and his  
appointment of Clifton R. Breckinridge,  
are but two more straws showing how  
the wind blows around him instead of  
through him when he and his backbone  
are headed against the wind.  
—Frankfort Capital.

President Cleveland has chosen  
Judge Lyman Trumbull, of Chicago,  
and a prominent New York  
gentleman who has always taken a  
deep interest in the cause of labor, to  
serve as members of the commission  
to investigate the Chicago  
strike, with Commissioner Carroll D.  
Wright.

President Cleveland did the proper  
thing when he appointed Hon.  
Clifton R. Breckinridge, of Arkansas,  
Minister to Russia. Mr.  
Breckinridge has been a faithful  
and prominent member of Congress  
for many years, but was refused  
renomination a short time  
ago because he voted for the repeal  
of the Sherman silver law.

The general opinion of late years  
has been that Dick Tate, Kentucky's  
defaulting ex-Treasurer, was dead.  
The Courier-Journal publishes an  
authentic statement showing that the  
ex-Treasurer is still alive and in Japan.  
Ensign Rodman, of the United States  
Navy, who was recently in Frankfort,  
says he not only saw Tate in Japan,  
but visited him at his home.

Col. Ion. B. Nall, President of the  
Kentucky Press Association and editor  
of the Farmers' Home Journal of this  
city, has determined to make the race  
for the Democratic nomination for  
Commissioner of Agriculture, Labor and  
Statistics of Kentucky. Col. Nall would  
make an admirable Commissioner.  
He is popularly known throughout the  
State and will undoubtedly be a most  
formidable candidate.—C. J.

Chairman Harter, of the House  
Subcommittee on Trusts, has written  
to President Havemeyer, of the Sugar  
Trust, requesting him to furnish certain  
information as to the financial status of  
the big monopoly. This information, Mr.  
Harter explains, is desired in order to  
arrive at an intelligent opinion as to the  
merits of the demands of the trust for  
protection by taxation. Of course Mr.  
Havemeyer refused to give the information.

The Missouri Pacific is discharging  
all of its employees who are members  
of the American Railway Union.

The Hon. Nicholas McDowell, of  
Boyle county, has announced his  
candidacy for Commissioner of Agriculture  
of Kentucky, the office he now holds  
by appointment.

While the Masons will not say that  
Col. Breckinridge has been expelled from  
his lodge at Lexington, a new list of the  
membership of the lodge fails to contain his  
name.

All of the plungers on horse races  
come to grief sooner or later. The wealthy  
Mike Dwyer, who is said to have quit last  
season a half million out, lost \$50,000 at  
Brighton Beach Sunday.

Read President Cleveland's plain talk  
on the tariff situation, which appears on our  
first page. The letter caused a great stir in the  
Senate and brought forth many frothy  
speeches, more to their own hurt, however,  
than to the damage of the President. It is  
now thought that an agreement will be reached  
and a bill passed soon.

The McKinley law is the most atrocious  
law of importance ever thrust upon the  
people of this country. It benefits no one  
but a handful of manufacturers. It does not  
benefit these in a moderate and reasonable  
degree, but to an extent which makes  
millions of them in a very few years. This  
enormous "protection" is excused by the  
Republican party by shouting in loud tones  
that it is given the manufacturer so as to  
"enable" him to pay the workmen high wages.  
Notice that they say "enable." They do not  
compel the manufacturer to pay those high  
wages, however, after having "enabled" him  
to do so, but trust to his honor and philanthropy;  
and of course the laboring man doesn't get it.  
Ninety-nine one hundredths of the  
manufacturers are human hogs, just the same  
as the rest of humanity, and they take all they  
can get. The enormous protection placed upon  
the goods manufactured is taken advantage of  
to raise the price of goods. Still the wages of  
their workmen are not raised, but are reduced  
upon every pretext. The people of the whole  
country are made to pay higher prices for all  
they consume. The McKinley rate of protection  
is so high that all imports are shut out and  
the revenue for paying the expenses of the  
government is cut off; the consequence being  
that it is necessary to issue bonds (which is  
nothing more nor less than borrowing money)  
in order to get money to run this government.  
Who must finally pay off these bonds? The  
people, of course. Therefore, the people are  
made to pay to the manufacturers a tribute  
amounting to more than double the sum  
necessary to run the government, and must also  
bear the burdens of the expenses of the country.  
Even if the laboring man got this tribute  
the case would not be so deplorable; but no  
one gets any of it except the manufacturer.

With the McKinley law on our books  
for ten years the country would be almost  
hopelessly bankrupt.

The Case of John and Jack.  
Two men work a week and earn \$15  
each. One of them, John, takes his wages  
Saturday and goes straight home and kisses  
his wife and hands her \$10. She makes that  
amount pay all the family expenses of the  
coming week, and on Monday John puts the  
other \$5 in the bank. Sometimes John doesn't  
find quite so much to put in, and sometimes  
his wife not quite so much to spend for the  
living, but they manage always to live and put  
something away.  
The other man, Jack, stops on his way  
home Saturday night and pays a bar bill of  
\$2 or \$3. The barkeeper sets 'em up and Jack  
throws in a big slug. Other Jacks come in  
and Jack gets home to a late supper, half full  
of whisky, his pocket half empty of cash. His  
wife buys all the necessities on credit and pays  
the bill as she can squeeze the money out of  
him, or she leaves it to the collector to get.  
By Monday all the money is gone and none of  
it into the bank.  
Years go by. John moves into a better house  
and Jack into a poorer one. John is foreman  
of the shop and Jack is the first man to be  
laid off in slack times. John's bank balance  
swells, while Jack's nose and store accounts  
swell. By and by John starts a shop of his  
own, thereby becoming a capitalist. Jack loses  
his job, thereby becoming a tramp. John attends  
to his business with frugality and industry  
and gets rich, while Jack is never able to get  
off the bar on which he is stranded in his youth,  
and becomes a striker—a "down trodden  
son of toil."

And this is the way in which capital is  
the offspring of labor. This is the way that  
the "stolen fruit" is gathered by wealth. This  
is the simple, unvarnished truth.—Tampa Times.

Cough leads to Consumption, Kemp  
Balm stops the Cough at once.

### School Percapita.

The State Superintendent has issued the  
following circular: "The Auditor's estimate,  
due this day in accordance with the revised law,  
has been rendered, and I find that a per capita  
of only \$2.75 can be declared."

This will be in the nature of a disappointment,  
as it has been contemplated that at least the rate  
of last year could be maintained, but in view  
of the prevailing financial depression and the  
particularly embarrassed condition into which  
Kentucky has fallen by reason of a lower tax rate,  
and a decreased assessment, and extraordinary  
expenditures since 1890, consequent upon the  
Constitutional Convention and two sessions of the  
Legislature, one of which was of extraordinary  
length, it is a matter of congratulation that the  
School Fund has suffered so little.

Last year I deemed it my duty to make the  
per capita sufficiently large to give the schools the  
use of the fund, with the exception of a comparatively  
very small balance to meet possible contingencies,  
rather than leave lying idle here about \$280,000,  
as was found to be the case the year before, or  
\$386,000, as in the year preceding that. Of the  
policy of reserving anything except a bare sufficiency  
to prevent overdraining the people might justly  
complain, and I acted, as I acted, as I acted,  
thought, consistently with the public interests.

It is proper to explain to the people, through  
you, why it is impossible to maintain the high rate  
of last year: 1. The Assessors' returns of taxable  
values for the fiscal year just closed were more  
than \$25,000 less than those for the year preceding.  
This, of course, means a marked decrease of funds  
available for the schools.

2. It is estimated that the tax on banks,  
the stock license, &c., will be materially less.

3. The census returns show an increased  
school population of 7,365, requiring an additional  
fund of more than \$20,000.

There has been some increase in two or three  
sources of revenue, and the Auditor has credited  
to the School Fund the full amount due it on account  
of money recovered from defaulting officers and  
returned to the Treasury; but all these are by no  
means sufficient to meet the general falling off  
and justify a per capita exceeding \$2.75.  
Yours truly,  
ED. PORTER THOMPSON.

### Absurdity From Abroad.

We clip the following from the Leeds, Eng.,  
Star-of-Bethlehem: "A big revolution is now going  
on in the United States of America, and there is  
little doubt that the government will be defeated.  
The dictator, Debs, has been driven from his  
palace, and he and his ministers are now hiding  
in the mountains. The great trouble has been  
experienced in the capital of Chicago, where  
Grover Cleveland, the ruler of the rebels, has  
obtained complete control. The railroad track  
at that place has been torn up and thrown into  
the Mississippi river, a stream considerably  
longer than the Severn, and the stock yards, where  
the government palaces are situated, have been  
razed to the ground. The trouble was started by  
a man named Pullman, who has a stronghold  
in the mountains of Illinois, one of the most  
considerable provinces of the country."

Medicine. All of which is guaranteed to do you  
good and cost you nothing. A. M. Hughes,  
Druggist.

The prospects of a conflict between China  
and Japan, on account of the Korean question,  
are increasing. China is reported to be actively  
preparing for war, and Japan has added a number  
of merchant vessels to its navy. The Korean  
Government is said to have consented to certain  
reforms proposed by Japan, but if the latter  
attempts to institute them it will probably increase  
the tension, as China has heretofore opposed the  
suggested reforms.—C. J.

Last fall I was taken with a kind of  
summer complaint, accompanied with a  
wonderful diarrhoea. Soon after my wife's  
sister, who lives with us, was taken in the same  
way. We used almost everything without benefit.  
Then I said, let us try Chamberlain's Colic,  
Diarrhoea and Stomach Remedy, which we did,  
and that cured us right away. I think much of it,  
as it did for me what it was recommended to do.  
John Hertzler, Bellet, Berks Co., Pa. 23 and 50  
cent bottles for sale by A. M. Hughes,  
Louisa Ky.

### Personally Conducted Tours Over Picturesque Chesapeake & Ohio R'y.

These popular tours will leave Cincinnati July 23rd, August 6th, and September 10th, visiting Hot Springs, Va., Natural Bridge, Luray Caverns, Richmond, Va., and Old Point Comfort. Each party will be limited to twenty-five people and will be accompanied en route by an experienced Passenger Agent, who will look to the comfort of every body, making all arrangements in advance, etc.

This is the most delightful way to travel. Price of ticket thirty-five dollars, covering all expenses on the going trip, such as hotel bills, admission to Bridge and Caverns transfers, Carriage drive at Richmond and railroad fare returning.

Send for descriptive pamphlet, giving itinerary and details. C. B. RYAN, Asst. Gen'l. Pass'r Agt. C. & O. R'y., Cincinnati, O.

BEST FOR SHIRTS.

THE PROCTER & GAMBLE CO., CHICAGO.

### No August Guessing Contest.

The Weekly Courier-Journal has withdrawn its offer of \$1,000 to be given to subscribers who could name the hottest day in August, and guess closest to the highest temperature on that day. This action was taken because of the serious interruption of mails, caused by the great railroad strike. A simple and liberal guessing contest on the November Congressional Elections is now being prepared, and will be announced by the Weekly Courier-Journal shortly.

### Floyd County.

PRESTONSBURG.

Quite a crowd attended the foot washing at Baptist Valley Sunday.

Worley Belt came in Sunday from a visit to friends in Louisa.

Lida Richmond left for a visit to friends and relatives in Virginia Tuesday.

The infant son of L. H. Gornly died Sunday at 4 o'clock p. m. It was an only child. The parents have our sympathy.

R. S. Boonen returned from the city a few days since. He is much improved in health.

Maggie Layne is quite ill with fever.

Bird Callihan gave the young folks a social Friday night and all say it was the most enjoyable affair of the season.

Mrs. Kate Belt, of Speers Ferry, Va., spent a few days here this week the guest of Judge Richmond.

Geo. Dimick Jr., came in from Paintsville Friday.

Doakie Loar, of Laynesville, visited friends here last week.

W. T. Proper, of Pa., is registered at the Ford Hotel.

J. M. Davidson and wife spent Sunday in Dwaile.

Hon. M. Kendall is here for a few days.

Sam Salyer, of Pike, was here Friday, Saturday and Sunday.

ONISCA.

Commissioner's Sitting.

Notice is hereby given to all concerned that the undersigned will, on Wednesday, August 8, 1894, at his office in Louisa, Ky., begin sittings in the case of J. W. M. Stuart, assignee, &c., vs. H. S. Southard, &c., and continue same from day to day until completed.

A. J. GARRED, M. C. L. C. C.

### Ladies, Ministers And Physicians

### Electropoise!

For Babies as Well as Old Folks.

I am glad to say that the Electropoise has cured me of rheumatism and liness, the result of typhoid fever, as well as catarrh. Have used it in the family from mother-in-law 73 years old down to the baby, used it on the baby while teething and it worked like a charm. For throat trouble we have never found anything to equal it. Several of my neighbors have them and are all well pleased. I can not say too much in praise of the Electropoise. Mrs. F. M. CALAHAN, Vernona, Ky.

### Brain Congestion and Vertigo Cured with Electropoise.

Sirs: Last July I was taken with vertigo, a congestion of the smaller blood vessels of the brain (hyperemia). I could not study; everything I ate disagreed with me; at last I ate no solid food, but even soups and liquid food did not agree with me; I was induced to try the "Electropoise;" in one night's time it relieved the brain congestion and vertigo. I began the next day to study; I ate from that time what I pleased, and since then I have been a comparatively well man. REV. GEO. H. MEARS, Covington, Ky.

### Practical as Well as Theoretical.

I am much pleased with my experience with the Electropoise, and believe it in advance of any known remedy in theory for the restoration of the normal condition of the system, and its effects in the cure of disease has proved its efficacy practically and theoretically. For a short while only, the Electropoise will be rented for two months for \$5.00.

### OLIOVILLE.

It is very dry in this vicinity at present, and corn is suffering for want of rain.

A. J. Webb, our merchant, is doing a very good business despite the depression in business. The secret is plain. Honesty and fair dealing always have their reward.

Our Sunday School is still flourishing. It is gaining every day, though the people had apparently lost all interest to the good work; yet like true Americans, they rally and come to the front when the opportunity offers itself. They show an interest rarely equaled anywhere.

The school will have a celebration some time in next month, which we hope to make it the event of the season in this county.

F. P. Guinn was calling at Olio-ville yesterday. We are glad to see him, as he is one of the best boys on Cat.

L. P. Webb's place as Secretary, in our Sunday school was filled by his assistant yesterday. Lewis being called (or calling) at Uncle John Larges.

Lizzy Waugh and wife were among the visitors at our little village Sunday.

Preaching yesterday by David Rice. A happy time experienced.

There will be preaching and baptizing here on the fifth Sunday by Barrett and Famin. A large attendance and good time is expected.

Hiram Jordan has bought out Tom Dean at this place; also Wesley Jordan bought out L. P. Webb on the left hand fork of Cat; and there is some one trying to make a bargain with D. Smith, but he refuses to yield his claim, or make a good deed.

Call and see our Sunday School

and see how well it is getting on.

FRIDAY, JULY 27, 1891.

## No Trouble Then.

All night, with many an inward pang, I watched the shadows creep. But when the bell for breakfast rang, Oh, then, how I could sleep! —Truth.

Remmele has fresh watermelons.

Fruits and vegetables at Remmele's.

Vaughan is the place to buy your flour.

Clover Leaf flour \$3.75 per barrel at Vaughan's.

Leonard Castle is the guest of Dick Johnson.

Mrs. Wm. Sneed, of Hardinsburg, is visiting here.

Golden Anchor flour \$3.40 per barrel at Vaughan's.

Fred Shannon is sick with a probable attack of fever.

Don't forget the gold dust washing powder at Vaughan's.

Saunders' face powders, the best made, for sale by Hughes.

Capt. Jas. Welch is lying hopelessly ill of cancer of the stomach.

To have your watch repaired in the best of order take it to Conley's.

If you want your watch or jewelry repaired done in good order take it to Conley's.

B. F. Thomas left yesterday for Burning Springs, W. Va., to be gone about two weeks.

Geo. Wright, the counterfeiter, has given bond and his son Calvin has been taken to Louisville.

The base ball uniforms have arrived and are beautiful. Hope they are good "batting clothes."

Mr. and Mrs. Jerry Gallagher, of Catlettsburg, spent Sunday in Louisa as guests of M. S. Burns and wife.

The date for the next South Methodist quarterly meeting at this place has been changed from the 15th to the 11th of August.

The Hart is cultivating twelve acres of tobacco on Col. Northrup's land and it is pronounced the finest in this section by those who have seen it.

J. F. Davis, late candidate for the Democratic nomination for Jailor, has been nominated for Magistrate by the Republicans of George's creek and Little Blaine.

A number of Louisa people went to Gallup last Saturday as guests of a picnic given by the people of that locality. They report a most pleasant time.

The colored folks opened a camp-meeting last Sunday near this place. All who attend are "lifted to a higher plane"—the meeting is held on top of the hill.

The News went to press before the entertainment by the Eastern Sixtette club took place. Every indication pointed to a most enjoyable evening and a large attendance.

You can subscribe for any newspaper or magazine through the news agency at M. F. Conley's store. It will cost you nothing extra and will save postage and trouble of ordering.

The Louisa base ball nine played a second nine known as "Burns' Easies" Wednesday afternoon. The Louisa club won by six scores above the six allowed the other nine in the beginning.

The claim of \$1800 for money expended by Judge J. M. Rice in the contest over his election to Congress, has been passed by both houses of Congress. His many friends were glad to learn of it.

The periodical report of the report of the reorganization of the Three C's railroad company and of the prompt building of the road through the Sandy valley is going the rounds of the press. It is too old a story to cause excitement in this section, however.

As our base ball boys like to keep posted on Ashland's record we mention that that club beat Mayville by a score of 4 to 2 in the first game and was beaten in the second game by a score of 11 to 12. In the third game Ashland won by 9 to 6. The team was met at the train on their return by a brass band and were afterward banquetted.

J. R. Barg, an Austrian who has been selling spectacles in Louisa for about a week, was taken before Police Court Wednesday and fined for selling without having paid the special tax required by the town laws from all merchants, peddlers and other vendors. Some of our home people would do well to look into the law. They might thereby save themselves from being fined.

Miss Bettie Vessie, of Ashland, is the guest of Miss Phebe Northrup.

The Republicans of the two Louisa precincts met here last Saturday and nominated Wm. Blankenship for Magistrate and Garfield Roberts for Constable. The defeated candidates were Grainger Thompson and James See.

The Ladies' Home Missionary Society of this section will hold a meeting at Mary Moore Chapel, below Lockwood's, on August 16th. Everybody invited, especially the members. The railway has offered a reduced rate—two cents a mile each way.

Mrs. J. W. Rice, Sec.

Welsh and Harris, the long, slim and hungry looking "good uns," are back with the Louisa base ball club, and the aggregation will do some hard practicing from now until they start on the trip which is now being arranged. With some good solid practice the boys can put themselves into shape for playing winning ball.

For the Sixth Appellate Judgeship Hon. T. H. Paynter received more votes than any of the other three candidates, having carried ten of the fifteen counties. The district convention met Wednesday in Augusta. Mr. Paynter went into it with the instruction of all the counties of the Ninth Congressional district, except that the Harrison county vote was contested. He lacked a little less than three votes of enough to nominate him. If a result has been reached we have not learned it up to going to press.

A large portion of the crowd which attends the ball games played between two home clubs needs reforming. The continuous yelling is very annoying to the people living in that vicinity and unless it is voluntarily stopped there will be an effort to stop it by positive means, if we are to believe what we hear from some of the people who don't usually "talk through their hats." A reasonable amount of applause is not objected to, but the promiscuous yelling that has been done lately is a nuisance. In the practice of the regular Louisa club it is a great disadvantage, as the captain cannot make himself heard in coaching the players, and there are many points on which they need instruction. We are satisfied there will be no more of it if the parties are asked to quit.

Last Saturday night Sidney Workman's store, situated on or near the mouth of Trace or Twelve Pole, in Wayne county, W. Va., was robbed of about \$50 worth of merchandise. A postoffice is also kept in this store and \$6 in money was taken from that department.

On Tuesday a party of several men came over to this county and brought James Wooten and Burwell Cox, Jr., from their homes, a few miles up the river, to this place, upon a charge of having been concerned in the robbery. After an investigation the boys were released. The circumstances which led to the suspicion were that the boys were seen in the evening and night in the neighborhood, and that they slept out of doors. This was true, but they had no money with which to pay for lodging. They are young men about twenty years old, have never before been accused of crookedness, and were simply the victims of unfortunate circumstances in this instance.

## Youthful Burglars.

This is not the first time that Roy Frasher and Sam Crabtree have been in hoc for stealing, although they are only about fifteen years of age. They are now in jail in default of \$200 bail for entering the house of George Reed Diamond last Monday morning about two o'clock and stealing \$23.50. Diamond lives in a house which sits on the side of a hill below town and there is a trapdoor in the floor on the lower side. This was left open and the boys entered there.

It is claimed that Diamond was sleeping with his pantaloons (which contained the money) under his head, and that the boys removed them without arousing him. However, before the boys got away some of the family were awakened and got out in time to see the intruders. The boys had called at the house twice earlier in the night and asked for matches.

A. M. Hughes' drug store was entered last Friday night by removing the covering to a broken window pane, and it is thought these boys did it. Nothing but a box of cigars was missed.

## Big Coal Concern.

The Miller Creek Coal Company, with an authorized capital stock of about a quarter million, will be incorporated this week, with John C. Mayo, of Paintsville, as a heavy stockholder. This company is the product of the hard work of Mr. Mayo, and promises to be a big concern. The lands in the case lie on Miller creek, some fifteen miles above the present terminus of the O. K. & V. road at White House, and comprises some of the very richest cannot coal lands in the State. Some of the veins on this land are seven feet thick, and the future of the company is bright. Ashland Daily News.

## SERIOUS SHOOTING

Whiskey Responsible, As Usual.

On last Sunday night Jerry Riffe, Jr., shot and dangerously wounded Lee Mosely at Webbville in this county. It occurred on an E. K. railway train which was just returning with an excursion party which had been to Greenup county. Both parties were drunk but were the best of friends. They had been cursing each other "for fun" and Mosely had his knife in his hand. Riffe took out his revolver and something was said between them about cutting and shooting. Riffe's revolver was of the "self-acting" kind. It was discharged and the ball entered Mosely's abdomen. The shooting is thought to have been accidental, the result of the careless handling of the revolver by Riffe, who was very drunk. He is out on bail, awaiting an examination set for tomorrow. Both parties are unmarried. Mosely is a brother to the man who was killed by his father-in-law, McKinney, several months ago.

LAZER: Mosely died Tuesday.

In Our Tramp Around The Old Town We Have Noticed That

Vaughan's new business house is nearly ready for the inside work. Harry Cooley's gray mare gets a little exercise. George Vinson also occasionally gives the handsome roans a warning.

Henry Snyder was also on dress parade with the surry. If you want "variable winds, with local showers," get up a picnic.

In spite of his long illness Joe McClure is the champion market gardener.

There is room for visitors at the colored camp meeting.

Many hoodlums, young in years but old in sin, run the streets long after nightfall.

Gunnell and Loar close at dark. The water-cart men get more work than the draymen. Freight is scarce but dust is thick.

Louisa is the greatest blackberry town in Kentucky, but there has not been a black burying for a long time.

Equire Perkins was a visitor this week. Perk's Democracy is of the old Jeff and Jack sort.

A few cows are so fond of music that after the owners take their bells off they get their friends to put them on again. At least we can account for our nocturnal jingle-jangle in no other way.

The hen roosts, coal houses and gardens in the lower end are suffering at the hands of thieves.

Will Yates was getting acquainted with his family Sunday.

The pick and shovel brigade, Gen. Shannon commanding, has been making rough places smooth and crooked things straight.

The flour mill has been running double time to supply the demand for its products.

The merchants who advertise in the News report trade fair.

Those who don't advertise are also still in business—very still.

Our country friends are thoughtful enough to occasionally supply the market with choice fresh meat.

Will Sullivan looks lonesome. He has reason for his appearance, for Mrs. S. is spending the week with her mother.

George Wooten, Jr., is the happy owner of a nice bicycle, the gift of his friend Mr. J. M. G. Watt.

One of our suburban citizens got up one night during the moonlight season recently and watered his sweet potatoes. We won't tell his name, but he was once a steamboat captain.

## A Glass House in Danger.

The Pickart has discovered another Democrat who was "traded out" of a nomination. Isn't it funny how some people with beams in their own eyes imagine that they can see motives in the eyes of other people? Whether or not trading is trading depends upon who does the trading, eh?

Lanes Medicine Moves the Jewels Each Day. In order to be healthy this is necessary.

A full line of School Books at M. F. Conley's.

## Notice.

All surveyors and superintendents of public roads of Lawrence county are requested to call at the County Clerk's office and get a copy of the new road law and blank road receipts.

ROBERT DIXON, Co. Clerk.

PUT UP—in glass vials, hermetically sealed, and always fresh—is the way Dr. Pierce's Pleasant Pellets come. When you take a pill it's an important point to have them small—provided they have equal strength and efficacy. You'll find what you want in these little live pills of Dr. Pierce's. They're put up in a better way, and they act in a better way, than the huge old-fashioned pills. What you want when you're "all out of sorts"—grumpy, thick-headed and take a gloomy view of life, is these Pellets to clear up your system and start your liver into healthy action. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels, are prevented, relieved, and cured. They're the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get.

Wonderful cures by Dr. J. C. Williams.

## PEACH ORCHARD.

Rev. R. F. Rice, was here Sunday night and preached a very interesting sermon to a large congregation.

As T. Wilbur will teach the "Old" Peach Orchard School.

Ran Hinkle and wife left on the morning train for Tronton, Ohio, to attend the funeral of Mrs. Hinkle's Brother.

Will Graves left Monday, to take a position on the M. V. railroad.

The mines are running full time and but little danger of a slack run.

The Public School at this place did not open on the 16 inst., as previously announced, owing to the fact that some of the applicants for the school may have time to secure an education sufficient to obtain a first class certificate.

Lou Johnson was here last week doing some work for the coal company.

Dud Shannon, of Rockville, was here this week to talk to Joe Compton.

Mrs. M. T. Preston, is out again after a very dangerous spell of sickness.

S. F.

## BUCHANAN.

Mr. Editor: While it seems there is no one to appeal to who will bring action to relieve us of the provoking nuisance placed and maintained in our county road just below Rove creek by the O. & B. S. Railroad company, yet its so intolerable and vexing that should it be allowed by our county authorities to remain there, we can not help remonstrating against the imposition.

Men are summoned and compelled to quit their work at home and go and work on this road which is virtually rendered worthless to the public by this formidable nuisance placed and maintained in the road by the railroad company; and so far, if there has ever been any effort on the part of our county officials to have it removed, we have never heard of it. We have had some Democratic officials since this nuisance was placed there and we never heard of them trying to have it moved. The last four years we have had a Republican County Attorney and for the last eight years Republican Judges and if they ever made any effort to have it removed it has not been heard of in this locality. The County Attorney is a candidate for re-election and one of the candidates for County Judge is a brother-in-law to the Attorney for the railroad. Now what are we to do? We will carry the matter to the polls.

Most of the people along here gave the company the right of way through their farms and others subscribed money and paid it as a donation and for this the company seems disposed (while the county authorities do not object) to reward them by placing and maintaining sufficient obstruction in our county road to render it worthless. If there is no law authorizing the county officials to remove this kind of obstruction out of our road then they are not to be blamed and the county is in a deplorable condition is simply legitimate prey for the railroad company; but if there is a law to protect our county roads then they are certainly responsible for obstructions being placed and maintained in them.

## DON JUSTICE.

P. S.—Miss Ceres Smith, of Round Bottom, W. Va., is visiting Miss Lucy Prichard of Catlettsburg.

Died, on last Saturday evening Miss Fannie Walker, daughter of E. H. Walker. Funeral services were held at the M. E. Church by Rev. Robinson assisted by Rev. Wm. Walker. Fannie was a good girl. To her parents and relatives we and the community extend heartfelt sympathies.

Died, three miles below here on last Saturday night, Mrs. John Davis, a very aged lady. It is stated here an what is thought to be good authority that on yesterday morning a young man near the mouth of Buffalo creek, this county, on raising his trot line from the river found a well developed baby caught on a fish hook, and that Squire Hale held an inquest and had the child buried.

The Republican primary in this county is exciting just now. The candidates are stamping the county and ventilating each other's records and there is not an angel among them if they tell the truth on each other.

Thomas Burchett, of White House, has moved to this place and will run a blacksmith shop.

James Goble, of Prestonsburg, was in town last week.

Thos. Conley, R. B. Segraves and H. Daniel, of Flat Gap, were in town on business since my last letter.

## JOHNSON COUNTY.

We had fine rains last Saturday. Loyd Clay who has typhoid fever is improving.

Died, on last Saturday evening Miss Fannie Walker, daughter of E. H. Walker. Funeral services were held at the M. E. Church by Rev. Robinson assisted by Rev. Wm. Walker. Fannie was a good girl. To her parents and relatives we and the community extend heartfelt sympathies.
